

LAKE POINSETT MANAGEMENT PLAN

Lake Poinsett is an inviting place for visitors and residents alike, and we all want to do our part to protect and preserve it. In that spirit, the Lake Poinsett Association is thrilled to announce we have taken the first steps toward that brighter future with the development of the Lake Poinsett Master Plan.

The Master Plan will:

- Combine the ideas from all stakeholders
- Technical analysis of the Lake and surrounding areas
- Potential funding opportunities to implement the identified Master Plan projects

The first step is to hear from you! We will communicate with all stakeholders such as: property owners, businesses, recreational users and governmental entities, to identify shared goals for the area.

We will send out surveys and host public meetings to ensure everyone has a chance to make their voice heard. We want to hear your opinions, ideas, and priorities!

We will use this information to identify and prioritize the critical needs – and solutions – for Lake Poinsett.

This information will be put together in a Management Plan that identifies the next steps for the projects that are identified.

We all hold a shared responsibility as caretakers of Lake Poinsett. The purpose and vision of the Management Plan is to equip us with the means to make important changes. Some of the issues we hope to focus on are:

| | | |
|---|--|---|
| WATER QUALITY  | WATER LEVELS IN THE LAKE  | FISH / WILDLIFE HABITAT  |
| ROADS TRANSPORTATION  | SHORELINE DAMAGE  | SANITARY SEWER USE & EXPANSION  |
| RECREATION  | TOURISM  | ECONOMIC DEVELOPMENT  |
| LAND USE  | | |

As stakeholders in Lake Poinsett's future, we hold a shared responsibility as its caretakers. Your opinions, ideas, and feedback are the keys to a successful Plan. We look forward to hearing from you – Let's work together to be the best stewards possible for this amazing place we call home!
