Activities at the lake are the best.

Yet, our four closest towns have fun and unique entertainment too.

LAKE POINSETT

- ✓ is geographically divided by four bordering towns
- ✓ each with separate postal code boundary and post office.

A Great Day Trip

Joseph N. Nicollet Tower & Interpretive Center

96 steps up to see three states atop the 75 ft. tower. Enjoy the film "*Dakota Encounters*" about French map maker Joseph Nicolas Nicollet's 1830's mapping of the area.

Nicollet helped name Lake Poinsett and many lakes in the area during his map making expedition sponsored by US Secretary of War, Joel Roberts Poinsett.

From the tower you can see exceptional views, in all directions. It's a gorgeous sunset vantage point and well worth a visit.

45352 County Road 10, Sisseton, SD Phone (605) 698-7672

West of Sisseton 3.5 miles on Hwy. 10.

From Lake Poinsett about 1 ½ hours (88 miles).
